# Fairmount Park Environmental Centers

## First and Second Saturday of Each Month

### PENNYPACK ENVIRONMENTAL CENTER

Come visit Pennypack Environmental Center situated at the western end of 1600-acre Pennypack Park. Inside you will find exhibits on local wildlife and history of the site, including a display of Native American artifacts and a 300-gallon aquarium with fish native to the creek. A reference library is available for public use. Hike the trails in search of wooden sculptures, including "Thoreau's Hut," an artist's interpretation of the hut as a dwelling place. Bird watch (indoors and out) at the bird feeding stations where you'll see many of our resident birds including nuthatches and an occasional hawk. Our picnic areas are also available for families to enjoy! FREE.

**FIRST SATURDAY OF EACH MONTH**  
Hours: 9AM-3PM
